## AN OUTLINE OF SOME RELATIONSHIPS WITHIN A CERTAIN QUAKER COX FAMILY

## Introduction:

My objective here is to clarify relationships within this "my" Cox family - which seems hopelessly entangled by intermarriages and the endless repetition of the same given names. I hope to save newcomers to research on this family some time by outlining and indexing (for 6 generations) the material that has so far been given to me --- by other helpful persons and that has been found by me in existing printed materials, all of which contain some errors.

I hasten to make clear the fact that I, myself, have done but little original research on this complicated Cox family. In fact, most of the research done in the past 50 years has not been published. However, I have been in contact with two persons who have spent years studying original documents and piecing together bits of information on this family. I refer to William Perry Johnson of North Carolina and Eldon Cox of Miami, Fla. The latter has been a great help to me and I wish to quote from several of his letters his opinions on the origins of this family. Elizabeth Berry Buffa - 1977

*"Confusion exists on the early history of this Cox family due to scarcity of early records and to the number of people by the same name in Chester Co., Pa. before, say, 1740.*

*There were at least 3 and possibly 5 or 6 by the name of John Cox.*

*There were at least 2 by the name of Thomas Cox.*

*There were at least 2 by the name of Richard Cox."*

*"There is no general agreement as to which belonged to our Cox family and which entries in the records pertain to them. There is even less agreement as to their children, with the exception of William (who left a will.)"*

*"There is no book that includes anything like a complete record of this Cox family during those early years."*

*"It is a reasonable assumption that John, William, Richard, Thomas and Amy Cox were from the same family. John, Thomas and Richard Cox's land in London Grove Township, Chester Co., Pa. formed three-quarters of a circle around Moses Harland's land. All three went to York Co. later. William Cox was next door neighbor in North Carolina of Phebe (Scarlet) Allen, later 2nd wife of Isaac Cox (s. of Thomas). William Cox in his Orange Co., N.C. will of 1767 mentioned land where his brother formerly lived. This must have been either John or Thomas."*

*"Ann (Cox?) Garretson is not certain, however, it also seems logical. William Cox and Casparus Garretson were neighbors at Hockessin, Del. The names of the children of Casparus and Ann Garretson agree closely to those in the Cox family. This, of course, is not proof, but must be considered."*

*"Some have suggested that Sarah Leech, disowned MOU to (?) Leech as a member of the family. Nothing has been found except the name to connect to our Cox family, and it would therefore appear doubtful."*

*"Joseph Cox, disowned MOU, is considered as somewhat more probable, but there is*

almost nothing on which to base an opinion. The name Joseph was used by our Cox family. It was also used by descendants of Richard and Margaret (Potts) Cox. I do not have sufficient data to know whether there were one or two named Joseph."

"Richard Cox, married in 1726, was probably the youngest. Since he bought land in London Grove in March 1722 and it took a minimum of a few months to arrange the purchase, he must have been at least 21 years old in 1721, and thus born no later than 1700 and would have been about 13 years old when John Cox married ca. 1713. At that age, it would seem that he would have been living with at least one parent. Amy Cox probably was not yet of age ca. 1713. There is the possibility that they came to America without their parents, but considering their ages, it would seem unlikely. However, with the limited knowledge that we have, no possibility can be completely ruled out."

"I cannot even make a guess at the name of parents of our Cox family. There are so many possibilities. It appears that many can be eliminated, but even then there are several on which data is lacking."

"Gilbert Cope, genealogist and historian of Chester Co., Pa. has never been surpassed as an authority on that area. So far as I know, he never made any guess as to parents of our Cox family. He did make the statement that John and Rachel Cox were thought to be parents of the Richard Cox who married Margaret Potts. It appears that John and Rachel Cox, John Cox, Jr., Richard Cox and Joseph Cox lived in Kennet Township, Chester Co., Pa. at one time.

John, Thomas and Richard Cox and John and Amy (Cox) Allen must have been transferred to New Garden MM after Kennet MM was divided. That is assuming that all were Quakers at the time and there is no reason to believe otherwise. Since Richard Cox (wife Margaret) and John Cox, Jr. still appear in Kennet records after the change of New Garden to a Monthly Meeting, we have additional evidence that they were of another family."

"Three brothers, John, William and Thomas Cox came to North Carolina in the 1750's with a portion of their families. Thomas stayed in N.C. only a short time before moving to S.C. Our knowledge of their sons who lived in N.C. includes one who lived in present Chatham Co. and nine in Randolph Co. We know almost all the names of their grandchildren, but there are a couple of families that are not complete (that is the grandchildren by these 10)." "Little seems to be known of the children of Isaac Cox....."

"There is a possibility that we are looking for a second Cox family in New Castle Co., Del. For several years it was thought, by some, that the parents of the family were William and Amy Cox, who were not Quakers. As more was learned, it became apparent that William and Amy were about the same age as our Cox family and also names of their children were located. It is thought that Amy was Emmetje van der Coolen, daughter of Reyneer van der Coolen. It was reported that William and Amy Cox had made a deed to William Cox of Hockessin (who married Catharine Kinkey). This so-called deed, when read, was a mortgage. Apparently those who found it did not read all of it. It could be merely coincidence, but we certainly wonder if this William could be a cousin. When this William Cox died, his son John sold the land to pay off the mortgage. I have no other recorded mortgages and believe that William (wife Catharine Kinkey) used any money he had to buy land rather than loan on mortgage."

"While I cannot prove that John and Rachel Cox were not parents of our Cox family, I have serious doubts about it. One reason is that the name Rachel is not used in our Cox family except where it has entered through marriage. Another is that it seems to me that our Cox family had its earliest background in New Castle Co., Del. and the John and Rachel theory does not fit."

"I would not attempt to guess the origin of the family but will list a few possibilities---

1. Came from England or Ireland.
2. Moved from another area in America such as Va., Md., Long Island, Nantucket, N.J., etc.
3. Came from some other European country, Holland, Norway, Denmark, Sweden, etc.
4. Were born in America of Dutch or Swedish parents, or combination of Dutch-Swedish-English parentage"

DESCENDANTS OF AN EARLY QUAKER COX FAMILY
